July 14, 2010

To whom it may concern:

With this letter, Producer/Director Remi Vaughn would like to recommend Peter Hemphill for his excellent work on the short film called *Out Of Focus*, a supernatural thriller. This project is very important to investors who are currently investing in the feature film version of *Out Of Focus*. In addition, this project will be submitted to various film festivals and pitched at the main film markets in the US and internationally.

Peter worked directly with the Producer/Director and VFX Supervisor on complex visual effects involving Green Screen, Motion Tracking, and Compositing. He was very diligent with his work and very attentive to details. In addition, he also demonstrated very good follow-up skills by communicating with the Producer/Director and VFX Supervisor on his progress throughout the project.

We highly recommend Peter as he pursues his career in the visual and communication arts. Should you require more information, the Producer/Director is available to discuss Peter's role on the project in further detail.

Best regards,

Remi Vaughn

Producer/Director

To Whom It May Concern:

This letter is my personal recommendation for Peter Hemphill. I worked with Peter on a recent web project, and I found him to be consistently upbeat, diligent and extraordinarily timely.

Peter handled several video-editing projects for us, and was able to handle a very complicated schedule while clearly forecasting any potential conflicts. He was always proactive and communicated in advance.

I recommend Peter for employment. He is talented and committed, and would make a great asset to any organization.

Sincerely,

Greg Richard

To Whom It May Concern:

Peter Hemphill is an exceptional young man. I have had the privilege of working alongside him in our Worship Arts Ministry. Peter has contributed much to the work of our ministry in terms of video shooting, editing, and production. While the product he delivers is consistently high quality, the thing I appreciate most about him is his "can-do" positive attitude, his reliability, and the fact that he puts 110% effort into everything he does. He's a great team player who would be an asset anywhere he directs his talents. I'd like to strongly recommend him to you and your organization if you've had the good fortune of having him take an interest in working with you.

Sincerely,
